

Jeffersontown/Chenoweth Run – XL Pilot Project Stakeholder Meeting Summary

Date: April 30, 2002 (4:00 pm @ Jeffersontown Public Library)

Attendees: Attached

Summary Notes prepared by: Sharon Worley

The following is a general summary of key discussion topics. It is not intended that every comment or suggestion is necessarily captured herein.

INTRODUCTION AND OVERVIEW - Sharon Worley, MSD's Project Manager, opened the meeting by giving a brief overview of the history of the project. It was noted that the purpose of the project is to find better ways to use the Pretreatment Program to further reduce/control pollutants. The approach has been to collect data in a systematic method such that Pollutants of Concern and the relative significance of the various sources could be determined. It was noted that the EPA Grant project for the Development of Pretreatment Performance Measures has been completed. Authority from the State of Kentucky to implement Project XL is expected to be granted soon.

PROJECT XL UPDATE - Mark Sneve, Strand Associates, presented the findings from sampling. The slides from the "Project XL Annual Report" presentation are available on request.

KPPC - Richard Meisenhelder of the Kentucky Pollution Prevention Center, presented findings regarding potential opportunities for pollution prevention to reduce pollutant of concern in the Jeffersontown area. The slides from the "Project XL and Kentucky Pollution Prevention Center (KPPC)" presentation are available on request.

PROPOSED LETTER TO CUSTOMERS - Sharon Worley provided a draft of a letter which will be sent to some of the local commercial/industrial facilities in the Jeffersontown area was discussed. Based on those comments, revisions will be made to the letter and a meeting will be scheduled to allow the local businesses to understand more about the project and about pollution prevention assessment opportunities.

STAKEHOLDER WORKGROUP - Sharon Worley noted that a Stakeholder Workgroup will be formed and anyone wishing to participate is to let Sharon know. The workgroup will likely meet 2 – 3 times this summer to develop formal implementation of XL (Pollutant of Concern list, SIU permits, etc.)
